

## **POPULATION SERVICES INTERNATIONAL (PSI)**

### **BID NOTICE – Supply and Delivery of IT equipment** **PSI SOM**

PSI is a network of locally rooted, globally connected organizations working to achieve consumer-powered healthcare — people-centered health systems that ensure quality, affordable care wherever and whenever it is needed. Over the past five decades, we have helped push boundaries, break taboos, set trends, and develop innovative solutions to complex global health challenges.

Population Services International (PSI), with its 50+ years of experience in accelerating the uptake of essential health services and products among some of the most marginalized and hardest-to-reach populations across the globe. PSI has vast experience in building demand for health services, in addition to the provision of the Essential Package of Health Services (EPHS).

Since 2007, PSI has maintained a steadfast presence in Somalia, consistently providing high-quality health services across all the regions in Somalia/Somaliland. With a wealth of expertise accumulated over 16 years, an extensive geographical reach, and a strong collaborative network of partners, PSI has successfully reached and assisted numerous beneficiaries throughout this period. Our close cooperation with the Ministries of Health, local authorities, communities, and partner organizations has been instrumental in ensuring a swift and effective response to areas in need.

Please visit our web site ([www.psi.org](http://www.psi.org)) for additional background information about PSI, including a description of our major program areas and a list of the countries in which we operate.

The objective of this tender is to solicit competitive bids to select a service provider for the supply and delivery of IT equipment
